
New Zealand Turf Management Journal

The NZ Turf Management Journal is the only magazine which achieves full coverage of the NZ turf industry. It is circulated to all members of the NZ Sports Turf Institute and a growing subscriber base. Due to its highly educational nature and technical informativeness it is commonly kept on file for future reference, ensuring continued exposure for advertisers.

Display advertising space is available to companies wishing to promote their products or services to the turf market. The magazine is A4 format with full colour available throughout.
